

AN AFTERNOON OF JOY AND FUN FOR THE CHILDREN OF POINTE –NOIRE

On Sunday, 15th June 2015, the young children of the three Parish Communities of the city of Pointe- Noire, had an unprecedented wonderful afternoon, full of games, music, sweets, gifts and entertainment in the courtyard of the Diocese.

This unique event was co-organized by the Holy Diocese of Brazzaville and the youth of the Lebanese community, who undertook the relevant cost and the general co-ordination.

Great joy was given by the participation of the invited children from the “Street Children Institute” from the city, so that in this way the Orthodox children could experience practically love as unity, acceptance and common understanding of their suffering fellows, without social or other distinction.

Concluding the joyful gathering His Grace Panteleimon, Bishop of Congo-Brazzaville and Gabon, thanked the organizers of the event and passed on to the children and their parents the paternal love of the ancient Church of Alexandria and of its Venerable Primate.
