

DONATION OF MEDICINES TO HOPSITALS IN DOLISIE

On 29th Marcy2017, His Grace Panteleimon, Bishop of Congo-Brazzaville and Gabon, travelled to Dolisie, where he visited the General and the Military Hospitals in the city successively and donated a large amount of medicines for the needs of the poor patients being cared for there.

The donation of these medicines, which were kindly placed at the disposal of the local Church from Mr.Christos Kylikas, a Pharmaceutical Engineer, Consul of the Republic of the Congo in Greece, was received with particularly warm words of thanks and gratitude by the Directors of the two afore-mentioned health care facilities, and is a token of gratitude of the Holy Diocese of Brazzaville to those who continue to willingly respond to a previous request of the Bishop regarding free medical examination and hospitalization of the young children from the "St Efstathios" Orthodox Orphanage.

Note that the successive visits by His Grace to the Hospitals of the third largest city in Congo-Brazzaville were covered by state television, "TV Congo".
